25YEAR MECHANICAL WARRANTY

Robert Watson Series Door Handles

The Robert Watson Collection of door furniture consists of three lever designs and a range of complementing escutcheons, turnknobs and emergency release sets. The roseless design of the furniture is unprecedented and the innovation and lateral thinking involved in the development of the products has led to them being patent protected and design registered.

Application

The Robert Watson range is suitable for commercial as well as residential use.

It can be fitted with:

- Lockwood Selector 3770 Series Mortice Locks
- Lockwood Synergy 3570 Series Mortice Locks
- Lockwood 6780 and 6580 Mortice Locks (38mm backset, metal doors only)
- Lockwood 531 Latches and 6260 Tubular Bolts

Fixing

Furniture is fixed to Selector 3770 or Synergy 3570 Series Mortice Locks using a specially developed pair of steel adaptor plates that are secured through the lock case using screws.

Robert Watson furniture may also be fitted with a Lockwood 531 Latch using a steel adaptor which locates over the body of the latch.

A special adaptor for fixing Robert Watson furniture to 6780 and 6580 Narrow Style Mortice Locks in hollow aluminium door sections is also available.

Product Details

Dimensions	Body: 36mm diameter. Projection from door: 62.5mm.
Materials	Furniture body: aluminium. Mounting stock and other internal components: stainless steel, steel and brass.
Door Thickness	Selector 3770 and Synergy 3570 Series: 32mm to 50mm Selector 6780 and Synergy 6580 Series: 32mm to 50mm Lockwood 531 Latches: 35mm to 50mm For Mortice Lock installation on doors 51mm to 62mm thick, use accessory pack RW00-42.
Finishes	Satin Anodised **(SA)** Powdercoat **(PC)**

Standards and Compliance

	Robert Watson Series has been successfully tested up to 4 hours with a fire rated Lockwood mortice lock on fire door assemblies (depending on type of doorset) in accordance with Australian Standard AS1905.1:2005, Fire Resistant Doorsets
D8	Robert Watson Series lever sets have been successfully tested to conform with Level D8 (500,000 cycles) under Australian Standard AS4145.2-2008, Locksets and hardware for doors and windows
	Robert Watson Series in satin anodised finish has been successfully tested to conform with Level C10 (1000 hours) under Australian Standard AS4145.2-2008, Locksets and hardware for doors and windows
	Robert Watson Series is designed, assembled and customised in Australia to suit the requirements of the Australian Market

Robert Watson Series Escutcheons

These escutcheons are designed to be fitted with Lockwood oval cylinders and the Robert Watson range of turnknobs and emergency turns. Fitted using a grub screw, they ensure that the accessories they are fitted with are aesthetically pleasing.

Use with Lockwood Mortice Locks and 6260 Bolts. The escutcheons are available in different sizes for suitability to different door thicknesses.

Note: Escutcheons must be ordered separately for use with oval cylinders, turnknobs and emergency release turns.

Escutcheons

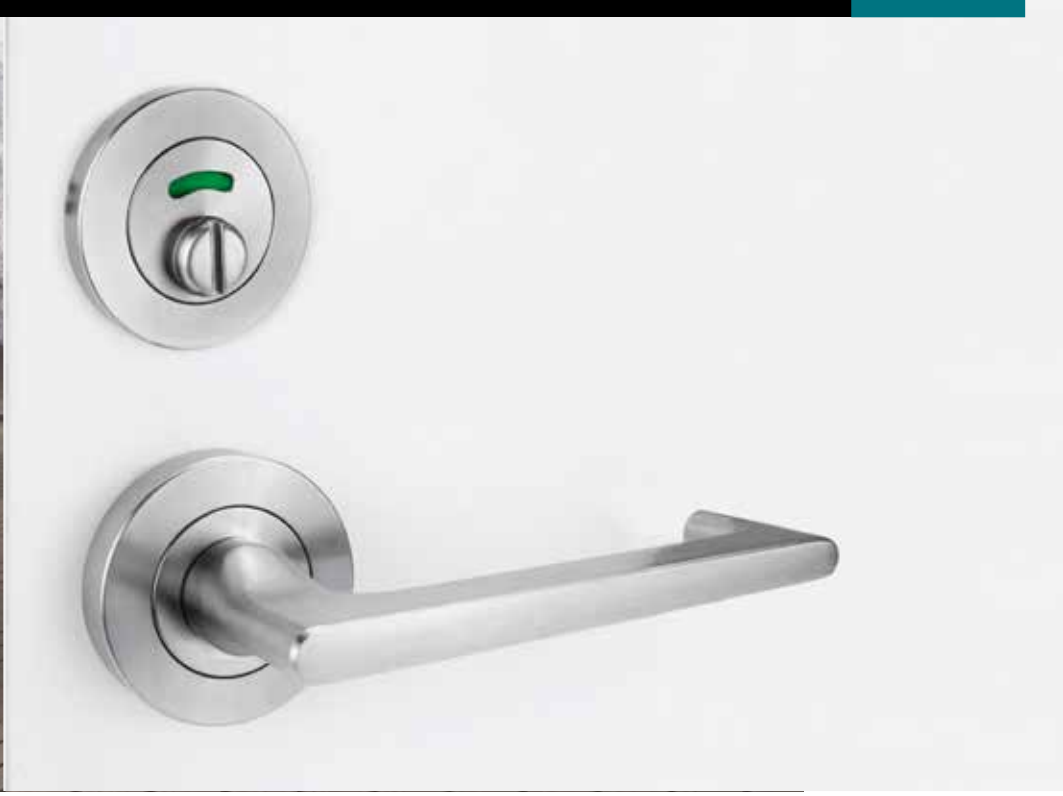
1220 Symphony Series Brass Door Handles



Lockwood Symphony Series door furniture is manufactured from high quality solid brass. The comprehensive lever range matched with concealed screw fixings by way of threaded rose trims, provides a stylish look for the most elegant interiors.

The accessory range includes cylinder escutcheons, emergency turnknob and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory in Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

Product Details

Dimensions	53mm diameter x 11.6mm.
Handing	A removable stop screw allows all symmetrically designed levers (e.g. Cadenza) to be handed on site. Levers of asymmetrical design (e.g. Veloce) cannot be reversed. Specify left or right handed when ordering.
Materials	All Lockwood roses and levers contained in the 1220 series are of solid brass construction.
Fixing	Fully concealed on both sides.
Door Thickness	Selector 3770 and Synergy 3570 Series: 32mm to 50mm Lockwood 5260 Latches: 33mm to 50mm
Decorative Finishes	**Standard Finish:** Satin Chrome Brushed **(SC)** **Non-Standard Finish:** Chrome Plate **(CP)** Polished Brass **(PB)** Polyester Powdercoat **(PC)** **Special Finish:** Architectural Bronze **(AZ)** Architectural Bronze Unlacquered **(AU)** Antique Copper **(AC)** Polished Brass Unlacquered **(BU)** Satin Brass **(SB)** Oil Rubbed Bronze **(ORB)** Satin Brass Unlaquered **(SBU)**
Privacy	Privacy function for Symphony Round Rose Furniture is achieved using the 3890 privacy adaptor and the Symphony 1321 interior rose. See ordering procedure for details.

Standards and Compliance

	1220 Series has been successfully tested up to 4 hours with a fire rated Lockwood mortice lock on fire door assemblies (depending on type of doorset) in accordance with Australian Standard AS1905.1:2005, Fire Resistant Doorsets
D8	1220 Series lever sets have been successfully tested to conform with Level D8 (500,000 cycles) under Australian Standard AS4145.2-2008, Locksets and hardware for doors and windows
	1220 Series lever sets in satin chrome finish has been successfully tested to AS 4145.2 2008 for Neutral Salt Spray – with SC Finish passing C10 1000 Hours - Extreme Corrosion Resistance. Suitable for coastal applications
	1220 Series includes levers and turns (as shown) that meet the requirements of AS1428.1-2009, Design for access and mobility
	Lockwood Brass Door Furniture is designed, assembled and customised in Australia to suit the requirements of the Australian Market.

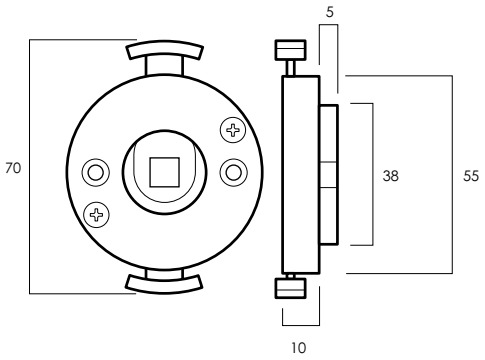
Supplied with	2 x M4 x 77mm Stainless Steel Screws (SP0655MBK) 1 x Spindle 7.6mm x 90mm 1 x Instructions (3890-121)
Finishes	Satin Chrome **(SC)** Chrome Plate **(CP)** Powder Coat **(PC)** Not available in brass finishes



The 3890 Privacy Adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

The privacy adaptor can be installed onto any existing Lockwood lever set and standard 5260 Tubular Latch.

1420 Symphony Series Square Rose Door Handles

Lockwood Symphony Series door furniture is manufactured from high quality solid brass material. The comprehensive lever range matched with concealed screw fixings by way of threaded rose trims, provides a stylish look for the most elegant interiors.

The accessory range includes cylinder escutcheons, emergency turnknobs and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory in Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

Product Details

Dimensions	58mm x 58mm x 11.6mm.

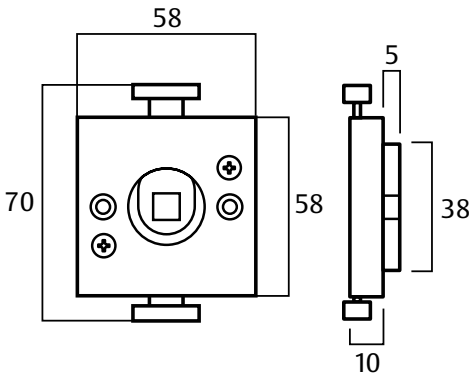
1420 Symphony Privacy Adaptor

Privacy Adaptor 3690	
Part Number	3690
Dimensions	58mm x 11.6mm
Supplied with	2 x M4 x 77mm Stainless Steel Screws (SP0655MBK) 1 x Spindle 7.6mm x 90mm 1 x Instructions (3890-121)
Finishes	Satin Chrome **(SC)** Chrome Plate **(CP)** Powder Coat **(PC)** Not available in brass finishes



The 3690 Privacy Adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

The privacy adaptor can be installed onto any existing Lockwood lever set and standard 5260 Tubular Latch.

1360 Series Brass Door Handles

Lockwood 1360 Series door furniture is manufactured from high quality solid brass material. The comprehensive lever range matched with ease of installation and compatibility with a wide range of Mortice Locks defines simple and reliable.

The accessory range includes cylinder escutcheons, emergency turns and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory at Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

Product Details

Dimensions	65.5mm diameter x 11.6mm.
Handing	A removable stop screw allows all symmetrically designed levers (e.g. Cadenza) to be handed on site. Levers of asymmetrical design (e.g. Veloce) cannot be reversed. Specify left or right handed when ordering.
Materials	All Lockwood roses and levers contained in the 1360 series are of solid brass construction.
Fixing	Roses are designed to fit back to back. If outside rose is specified with concealed fixing, then the inside rose must be visible fixed. Roses numbered 1360, 1362, and 1364 are concealed fixed, roses numbered 1361, 1363 and 1365 are visible fixed.

1370 Series Brass Door Handles

Lockwood 1370 Series door furniture is manufactured from high quality solid brass material. The comprehensive lever range matched with ease of installation and compatibility with a wide range of Mortice Locks defines simple and reliable.

The accessory range includes cylinder escutcheons, emergency turns and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory at Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

Product Details

Dimensions	62.5mm diameter x 11.6mm.
Materials	All Lockwood roses and levers contained in the 1370 series are of solid brass construction.
