[info. **SPECIFICATIONS.**]

A pair of solid metal door handles, with an 8 mm thick sprung rose. Please select the sprung door lever handle if your door latch requires assistance to spring the door handle back to the original position. Designed for use with UK (centre distance 38 mm) specific latches. Compatible with either tubular latches or mortise locks. Our door lever handle sets have not been tested using split spindles.

Fits doors of thicknesses: minimum 35mm to maximum 54 mm (with supplied fixings*).

*For thicker doors, longer through bolts and a longer spindle will need to be sourced.

[info. **INCLUDED.**]

1 x pair of Sprung Door Handles

2 x M4 x 35 mm Through Bolts

1 x 8 mm x 8 mm x 100 mm Square Spindle
