

SOFT CLOSE

OPTIONAL EXTRAS FOR DOOR TRACKS

A pair of Soft-Close Dampeners and Catches which integrate seamlessly into Robemaker systems rated up to 40kg. The dampeners fit concealed in the top track while the catches locate unobtrusively to the top of the door.

When the doors are closed their travel is slowed to almost a halt and then pulled closed to complete a smooth, silent and soft-closing operation.

INCLUDES

- 2 x Soft-Close Dampeners
- 6 x dampener screws
- 1 x LH & 1 x RH Soft-Close catch
- 4 x Catch screws

SOFT CLOSE

The Triumph Soft-Close Adaptors are able to be retrofitted into pre-existing Overhead Mounted Triumph Sliding Door Track Systems rated up to 40kg.

They are an excellent addition to your sliding door track system, slowing your doors to almost a halt and then pulled closed to complete a smooth, silent and soft-closing operation. To be used with the TT59800 Soft Close Kit.

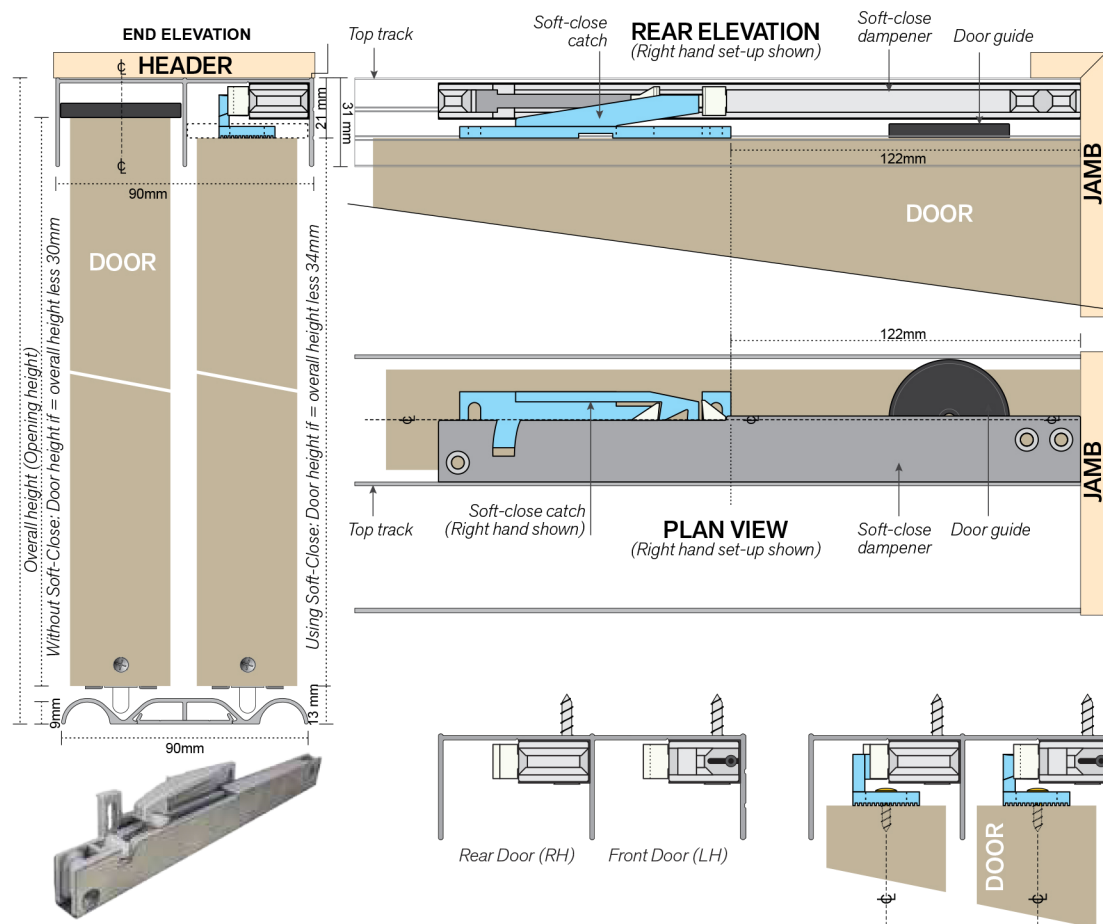

INCLUDES

- 1 x Adapter plate (2 x TT35700 Adaptors required for each TT59800 Soft Close kit.)

ROBEMAKER SOFT CLOSE KIT

TT59800
